

# I LIKE YOUR STYLE

Exploring for Personality Style Awareness

a presentation by Pat Johns and PFJ Communications

A light-hearted, humorous, yet very practical and powerful look at the well accepted concept of "Personality Styles". We can't escape our nature, so we might as well harness a working knowledge of this life changing communications tool.

We will focus on the key word,

## VERSATILITY

Versatility is described as being what other people need us to be, to efficiently and effectively achieve our goals together.

This program is a must!
